

Cyanlite™

DROPOD

LED Panel Light with
Drop Lens

Overview

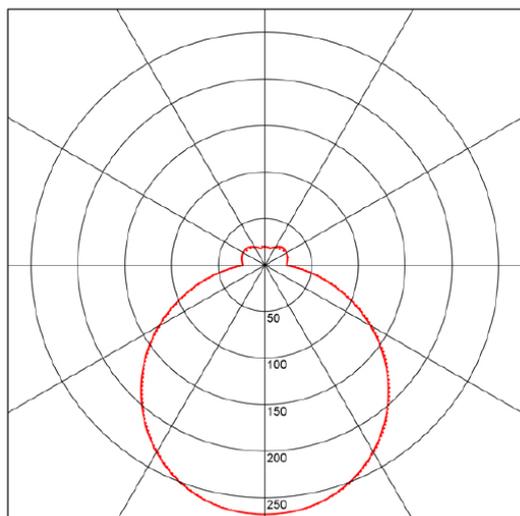

The Cyanlite DROPOD light combines elegant design with exceptional performance. Featuring a unique drop lens design, it provides not only downward illumination but also side emission, creating a wide, uniform light distribution that beautifully illuminates entire spaces. With its unique design, DROPOD can integrate into the T-bar ceilings and gypsum board ceilings perfectly for office, commercial, and institutional applications.

Advantage

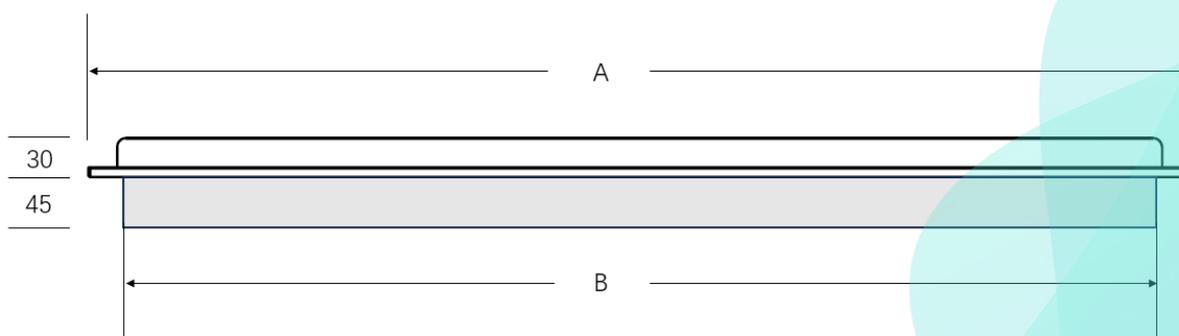

- **Multi-Directional Light Distribution**- Drop lens design enables both downward and side illumination for spacious coverage
- **High Efficiency**- System efficiency up to 150 lm/W.
- **Adjustable Settings**- CCT switchable (3000K/4000K/6500K) and dimmable for flexible lighting control
- **Easy Installation**- Tool-less and superfast installation for all kinds of T-bar and Gypsum board ceilings
- **Diffuser Options**- Opallic and microprismatic diffuser choices
