## Why you need Narrow Frame LED panel lights?

After installing an ordinary LED panel light, panel frame width normally is 20mm, on T grid Lay-On ceiling, part of panel frame is visible (15mm for T15 ceiling /10mm for T24 ceiling). For some premium projects this does not meet architect's taste. Especially for T15 ceiling grid which Tee width is much narrower compared with T24 grid.

Cyanlite 4mm Narrow Frame LED panel lights are the best choice for the high-class premium projects, which requires frames of panel lights are invisible after installation.

## Narrow Frame LED Panel Lights for Lay-On Ceiling

### Overview

The Cyanlite™ LED panel lights Narrow Frame series has been designed for the high-class premium projects, which requires the frames of panel lights are invisible after installation. These luminaires fit into the Lay-On ceiling systems perfectly, the 4mm width narrow frames are completely hidden under the T grid after installation, making the whole ceiling system uniform and elegant.

### Advantages

- Frames of Panel Light are completely hidden under the T grid after installation
- Needs no additional installation accessories, saving material cost
- Easy and fast installation, no additional job for screws or adjustment, saving installation cost
- A wide product range for all major standard Lay-on ceiling tile sizes
- Flexible and customization oriented, bespoke sizes are welcome
- Professional LED lighting manufacturer, ODM for EU top lighting brands, no risk for partnership

### Features

- Standard sizes (mm): 300x1200, 500x500, 600x600, 600x1200, 625x625, 750x750
- RAL9016 as standard, other RAL colors available on request
- System Efficiency upto 120 lm/W
- EN 12464-1& LG7 Compliant, UGR<19 Optional when fitted with Micro Prismatic diffuser
- Range of color temperatures 3000K, 3500K, 4000K, 5000K & 6000K
- 5 Years Warranty
- Various dimming options, including 0-10V, DALI, Switch Dim etc.
- Emergency options available

## Specification

| Model    | Part No.  | Power | Luminous Flux | Dimension (mm) |
|----------|-----------|-------|---------------|----------------|
| 300x1200 | PS30W312N | 30 W  | 3600 lm       | 295x1195x15    |
| 500x500  | PS30W050N | 30 W  | 3600 lm       | 495x495x15     |
| 600x600  | PS30W060N | 30 W  | 3600 lm       | 595x595x15     |
| 600x1200 | PS50W612N | 50 W  | 6000 lm       | 595x1195x15    |
| 625x625  | PS30W062N | 30 W  | 3600 lm       | 620x620x15     |
| 750x750  | PS50W075N | 50 W  | 6000 lm       | 745x745x15     |

## Photometric

- UGR22 with Opalic Diffuser

- UGR19 with Micro Prismatic Diffuser

|                     |  |
|---------------------|--|
| Efficacy            | 120lm/w ≥ 4000K                                    |
| CRI (Ra)            | 80   |
| Color Temp.         | 3000K/3500K/4000K/5000K/6000K                      |
| Lighting Method     | Side-lite  |
| Light Source        | SMD4014  |
| SDCM                | <4   |
| Beam Angel          | 110° Opalic Diffuser/ 90° Micro Prismatic Diffuser |
| Service Life        | L70 (25°C) = 50.000h                               |
| IP Rating           | IP20   |
| Impact Resistance   | IK04   |
| Hot Wire Resistance | 650°C  |
| Driver              | Flicker Free On/off driver as standard             |
| Dimmable            | 1-10V, DALI, Push Dim, Bluetooth Optional          |
| Nominal Frequency   | 50/60Hz  |
| Power Factor        | >0.9   |
| Input Voltage       | 200~240V   |
| Flick Free          | Yes  |
| Housing Color       | RAL9016 White                                      |
| Housing Material    | Aluminum frame, steel housing                      |
| LGD Material        | Acrylic (PMMA)                                     |
| Diffuser Material   | Polystyrene (PS)                                   |
| Storage Temp.       | -40°C~+80°C  |
| Working Temp.       | -20°C~+45°C  |
| Mount               | Recessed   |
| Package             | 1pcs per gift box, 5pcs per master box             |
| Warranty            | 5 years  |

According to the International Standard of LED luminaire, here Cyanlite formally claims this product is only allowed to be applied to indoor environment. Meanwhile Cyanlite promises full warranty for the products. Any severe environment application including high/low temperature, high humidity, high salinity, high ammonia etc. is not permitted without the official confirmation from the manufacturer. If any misapplication happens, the warranty policy is no longer guaranteed. All values are typical values measured under laboratory conditions at 25 °C. Specifications subject to change without notice.
